

Right Here at Home! WISTARIA THEATRE

Week Beginning Saturday, June 14
Sierra Madre

Saturday Matinee and Evening and Monday Evening— NORTH OF NEVADA

Fred Thomson and his horse, Silver King. Tom Taylor defends Old Mark Ridgway, a fine type of Westerner, and his interests, to the last ditch. Joe Deerfoot, the halfbreed, is treacherous. Reggie and Miriam Ridgway are inexperienced and make a foolish deal. Tom and Silver King come to the rescue. Did you see Silver King go miles across country alone to get help for his beloved master? And then lead the cowboys back, in "The Mask of Lopez."

BABY PEGGY, in "THE FLOWER GIRL."

Tuesday and Wednesday—

CAN A WOMAN LOVE TWICE?

Ethel Clayton and Malcolm McGregor. Time: During the World War. Location: New York City and California. Theme: Self-Sacrificing Mother-Love, and the desire of a woman for a home. One of our big pictures. Neil Gregory will play Tuesday evening.

EIGHTH CHAPTER OF "FIGHTING BLOOD."

Thursday and Friday—

OUT OF LUCK

Hoot Gibson and Laura LaPlante. Hoot deserts the saddle and tries the navy. Although a good cowboy, he has great trouble in riding the battleship, especially the hammock. Gets homesick and tells the commander he is going back home. The Commander gets a chuckle out of it and promises him a ticket home—after four years. A humorous classic with a shipload of laughs.

Comedy "SHIP AHOY." INTERNATIONAL NEWS.

NEW RECORD IS MADE AT SCOUT MEET

The fifth Annual Outdoor Contest of the Pasadena District Council, Boy Scouts of America, which scouts in this district have looked forward to with anticipation is now past history, for the deed was consummated in the Pasadena Rose Bowl last Saturday afternoon in the presence of an enormous crowd of spectators.

The crowning feature of the event was the breaking of the world's record in Wall Scaling by Troop 1 of South Pasadena, under the direction of Scoutmaster John Sigler. The record was previously held by Troop 2 of Asheville, North Carolina, who made the event in 12 2-5 seconds. The South Pasadena Troop now hold the record with 10 7-10 seconds. In this event a team of 8 Scouts must run 60 feet and scale an intervening wall 9 ft. 6 in. in height. To accomplish this feat in less than 11 seconds is nothing short of marvelous. Troop 20 of Pasadena tied the world's record.

Troop 1 of South Pasadena proved themselves by far the outstanding troop in the contest by placing in every event except the equipment race.

In total points the following troops out of the 58 troops under the Pasadena District Council placed: 1st, South Pasadena 1; 2nd, San Marino 1; 3rd, 5 and 24 of Pasadena; 4th, 8 of Pasadena; 5th, 3 of Pasadena; 6th, 6 of Pasadena; 7th, 23 of Pasadena; 8th, 20 of Pasadena; 9th, 1 of Azusa; 10th, 1 of Avalon, Catalina Island; 11th, 11 of Pasadena, and the following troops tied for the 12th place: 8, 10, 12, 28 of Pasadena, and 1 of Monterey Park. Sierra Madre did not enter the contests.

The message used in signalling was a telegram from James E. West, Chief Scout Executive at the National Headquarters, at New York City, the seal of which was broken at the time the message was sent. The message read as follows: "National Council sends to the Troops of the Pasadena District assembled at the Rose Bowl stadium their greetings and best wishes for the success of the Outdoor Scout Contest. This demonstration of Out door Scouting carried out in real Scouting spirit will do much to confirm the people of your district in their deep interest and admiration of your work."

BEACH FARES REDUCED FOR THE SUMMER

Announcement of sweeping reductions in week-end excursion fares to beach resorts from the 41 principal interior points on the lines where agencies are maintained, exclusive of Los Angeles, was made today by the Pacific Electric management. The reductions average slightly more than 33-per cent and are effective to all beach resorts served by the Pacific Electric.

The management announces that these excursion fare tickets may be obtained only from its regular agents and will not be sold by conductors on trains. The rates will be effective on Saturday and Sunday of each week, with return limit on Monday following date of sale. Commencing next Saturday, June 14, the special round trip rates will continue in effect until September 14th.

The early arrival of 50 new inter-urban steel cars, fifteen of which are now en route and expected daily, will augment the equipment facilities of the Pacific Electric sufficiently to care for any travel demands made on account of reduced excursion fares.

Round trip rates from Sierra Madre to the west and south beaches will be reduced from \$1.41 to \$1.00; and to Newport and Balboa from \$1.71 to \$1.25.

Progress Being Made in Arcadia Drilling Project

The drill at the new Vosburg oil well at Arcadia, just east of Temple, is now between the 3,000 and the 3,500 foot level, according to those in touch with the well. The drill is said to be still working in oil bearing shale with a heavy gas pressure but no immediate signs of oil sands. It is understood that the drill will continue as deep as 4,500 feet if necessary to prove the field.

There are those who have been watching the situation who argue that the company could not afford to bring in a well under present conditions even of a good flow is assured as there is no means at present of taking care of the oil produced and being the first well in this field, it would take some time to construct suitable reservoirs to hold the oil and means of transporting it. When the well is proven, the company will then have to provide these things, according to these people, before it would be practicable to bring the well in.

To Experience Is To Know

Scores of people in Sierra Madre, at this time, are thinking whether to try Chiropractic for their ill-health. Receiving the proper information, a decision would be easy. For those who investigate sincerely will learn the truth about this wonderful natural Health Method—a truth with real merit for a healthier existence. But to these seekers for health we desire to give a few words of warning: Should you inquire for advice from others, regarding the Curative Powers under Chiropractic treatments, be certain to listen only to those who have given it a real and sincere trial, upon their own bodies. If you listen to "hear-say" from this one and that one, who have never tried it upon themselves, you may be misled, thereby losing an opportunity to receive your health back.

The most certain way, however, to find out what Chiropractic can do for your own case, is to give it a fair and square trial on your own body. To do that, you have everything in health to gain, but hardly anything to lose, except the small cost of trying.

Come for consultation. If I think I cannot offer you relief, I shall tell you frankly.

Around Our Town

Samuel Shtamer of West Central avenue left Saturday for Philadelphia where he will spend about two months.

Mr. and Mrs. W. J. Lawless and Mr. W. E. Doty left yesterday for Gilman Hot Springs, San Jacinto. They expect to be gone about ten days.

Miss Mattie Seeley has returned to her duties at the Sierra Madre Savings Bank. Her absence was due to having had her tonsils removed about ten days ago. Miss Seeley reports that she has done very nicely.

Mr. and Mrs. L. Dietz will spend the week end at Catalina Island to celebrate Mr. Dietz's birthday anniversary. On Sunday he will be eligible for the congratulations of his friends upon becoming 70 years young.

The Winchester flashlight which was given away at the Wistaria theatre last night was donated by the Sierra Madre Hardware Co. It was awarded to Clara Louise Zeller of 93 W. Mira Monte. For next Wednesday's prize F. H. Hartman and Son's drug store has given a bottle of the popular Cara Nome perfume.

Captain and Mrs. J. A. Osgood are in San Diego for the week attending the state encampment of the Grand Army of the Republic. Captain Osgood, who is a member of Stanton Post of Los Angeles, is a veteran of the 24th and 47th Massachusetts regiments. He is a candidate for delegate from California to the National Encampment to be held this year in Boston.

Mrs. Louise Gray went to Arrowhead Lake Saturday to attend the wedding of Miss Miriam May to Mr. Paul Bauman, which took place on Monday at the club house on the north side, Rev. Mr. Miaman of San Bernardino officiating. The bride is the daughter of Mrs. D. E. May of Hollywood, Mrs. Gray's cousin, and has often visited in Sierra Madre. The groom is resident engineer for the Arrowhead Lake Co. at the lake.

Dr. W. D. Tiller of 71 N. Baldwin, has found it necessary to close his office Fridays. Since practicing dentistry here for more than a year Dr. Tiller has been exceptionally successful. The work is so fatiguing, however, that in order to do justice to it he feels he must necessarily take off one day a week. Dr. Tiller has made a practice of closing his office Fridays for several weeks, but he particularly desires that this arrangement be well known so that his patients will not be discommoded by it.

McCloskey Brothers is the name of one of Sierra Madre's newest business concerns. They have opened an establishment for contracting and retailing of paints and wall paper at 148 N. Mountain Trail avenue. Three brothers compose the firm, Joseph L., A. J. and Terrence McCloskey. They are sons of J. A. McCloskey of 242 Santa Anita court. They have had practical experience as painters and paper hangers. One of them is at present connected with a wholesale paint concern in Los Angeles, the other two being actively engaged in operation of the local business.

PHOTOGRAPHY IN COLOR ADDS TO FILM BEAUTY

George Fitzmaurice has used color photography in his production of "Cytheria," the Goddess of Love, which he is making for First National. He regards the use of color photography as ideal for such parts of the production that may represent dreams, allegory or any detached part of the story.

The fading in and out method previously used with the necessary explanatory titles is often confusing to the spectator. If these visions are presented in color, the effect intended becomes more dramatic and inspiring. The prologue of "Cytheria," which will be an allegorical outline of the Goddess of Love, an exterior of Cuba and an interior of a Havana cafe, both of which are dreams, are all in color.

"Cytheria," Goddess of Love, is to be shown at the Colonial, Monrovia, next week, and is said to represent George Fitzmaurice's most dramatic achievement.

FLAG DAY IS SERMON TOPIC

At the Sunday evening service at the Congregational church a Flag Day service will be held. A group of Boy Scouts will assist in the service and Dr. Tate will speak on "The Meaning of the Flag." All our veterans of past wars are especially invited to be present. The choir will sing appropriate music.

At the morning service at 11 a. m. Dr. Tate will take for his subject "The Might of Meekness." In a day when the war between the material and the spiritual is at its height it is well that we understand in what forces to place our trust.

SHOWER FOR BRIDE-TO-BE

Miss Leila Kellogg was the hostess Tuesday night at a kitchen shower given in honor of Miss Edith Jones who is to be married the latter part of June to Mr. Roy Warden. A very novel arrangement in the form of a spider web was used to present Miss Jones her gifts. Those present were Mesdames Ivan Buie, Charles Askew, Ralph Stover, Lewis Wicks, Nina Kellogg Norris, Thomas Warden, and Misses Linda Schwartz and Muriel Tarr, and Miss Jessie Carson of Pasadena. Lovely refreshments were served.

ARCADIA ASKS FOR SURPLUS CANYON WATER

Arcadia Journal: At the last meeting of the city council City Attorney Walter F. Dunn was requested by the chairman to file a claim for the surplus water of the Santa Anita Canyon.

The matter has been pending for more than a year, and immediate action was requested by Mayor Granville. Engineer Conkling of the state board, which controls water filing, informed the city attorney that he would offer his assistance in the matter of preliminaries connected with the filing.

172-Pound Tuna Is Caught By Los Angeles Man

The largest tuna caught at Catalina Island since 1921 was landed a few days ago by a Los Angeles man, E. M. Seifert, Jr. The big fish weighed 172 pounds and fought against capture for five hours and 42 minutes, towing the anglers 20 miles to sea in the struggle.

Another big tuna, a 136 pounder, was brought to gaff by A. L. Wilkes of Los Angeles, who was on Parker Pence's boat. A 98-pound tuna also was landed by D. D. Smith and Monty Foster.

For the third day Harry W. Adams has gone out with his trusty boatman, Tad Gray, and caught himself a third pair of tuna. Adams' catch of one day weighed 93 pounds and 123 pounds, respectively, making a record of five blue button winning fish for the season for this angler. Two blue-fin weighing more than 100 pounds each were taken by Adams one day and two on the next day, according to reports from Avalon.

EDITORIAL COMMENT

Will Hays Needs a Rope

Is Rupert Hughes actually trying to force censorship upon the movies? Seems that way. First he goes about pleading for the return of one R. Arbuckle to the screen. And now he stands before a convention of club women (not a bobbed head in the lot) and suggests they might even go about stark naked to aid in the development of real modesty in the human race. Pleading for tolerance, he is the most intolerant propagandist before the public. When Deacon Will Hays argues against censors he seems to get somewhere. Antagonism seems to be the outstanding result of Hughes' tirades. Will had better rope "Rupe" before the bull completely demolishes the china shop.

Chronic Bawling Out

How everybody enjoys the fellow who is always "bawling out" somebody or something! It is a privilege to associate with the superior intelligence which the owner so freely recognizes. And then occasionally the pleasure is enhanced by seeing him in an incident about which he himself would not boast. An accomplished young member of the tribe recently bawled out in choice terms another motorist who took the parking place for which he was headed. The incident led to an exchange of cards. The offender was then found to be the father of a young lady in whom the belligerent young man was greatly interested.

Systems and Civic Spirit

Only a few months ago Mr. Grant Lorraine told a Sierra Madre audience how they did things in Alhambra, where he was at the time city manager. Everybody knew Alhambra was growing faster than almost any other place on the map. It all sounded fine.

Sierra Madre people had been somewhat divided over one or two little things and here seemed to be the way out of all their troubles. There were resolutions and committees, all designed to hasten the millennial state of city managership for Sierra Madre. Then our cars would roll over our city streets like a billiard ball over the green felt; out water meters would never run too fast and our gardens would never thirst; we would have a sewer system, a city hall and no more shacks. Not that Mr. Lorraine nor anybody else definitely promised such things, but it was just a group psyched into the state of the man who thinks his neighbor is so much better off than he. Likewise, the other fellow's troubles were unknown.

Now Alhambra has been enjoying a recall election spasm with all the accompanying thrills. One of the slogans was: "Who spends the city money—the city commissioners or the city manager?" Bond propositions for various important city improvements were killed. Mr. Lorraine's resignation was put in the hands of the commissioners.

Without knowing a thing of the merits of the case, it merely goes to show that no system of government is a cure-all. Mr. Lorraine is a fine man. The commissioners are as good as the average of public officials, maybe better. Alhambra is a fine city, still growing, still enjoying bumpy streets, still making improvements and still finding things to fight about.

Sierra Madre had an election recently. There were some differences of opinion and some changes. The city goes on much the same. Our improvements are going forward, not all at once but with reasonable speed. Nobody appears particularly unhappy. In fact there is a fine spirit of optimism, even though we have our old form of government and the committee on city managership is forgotten. It is not the form of government, but the spirit that animates our civic affairs that counts.

CONCERNING POHLSON GIFTS

It is with pleasure that we notify our customers that we are making a special exhibit of Pohlson Gifts and cordially invite you to call. Interesting, useful, and attractive

are these novel creations boxed as they are in their delicate "Silver Stripe." We are sure you can find what you desire in selection. There are things for the household, gifts for men and women, and a most complete line of baby and juvenile articles. Pohlson Gifts have merit; they are properly boxed. We believe a gift, no matter how simple, should be neatly boxed and done up. Many of these things cannot be duplicated in time for your requirements, so we ask you earnestly to call early to see this most unique line of THOUGHTFUL LITTLE GIFTS.

WOODSON F. JONES

Main 182

31 N. Baldwin Ave.

Sierra Madre Woman's Club

(Correspondence)

The monthly luncheon of the club was a very pleasant affair though not as largely attended as usual. It was a great joy to be seated in our pleasant room on such comfortable new chairs. We all owe Mrs. Lehner our hearty thanks and appreciation for her untiring efforts in procuring them for us. There are 100 of them.

Mrs. Green gave an interesting report of the state convention which has just been held in Pasadena. Other delegates who were to have made reports were unable to be present.

Much interest was manifested in the refrigerator demonstration, and in the delicious salad and cakes furnished by Mrs. Summerhill in her demonstration of the use of corn products.

The afternoon meeting, presided over by Mrs. Stork, was an inspiration to many of us who forgot the heat of the day in listening to Mr. Leavitt's fine estimate of the poet,

Robert Browning, to whose triumphant faith the world owes so much.

Mrs. Stork gave a description of the year's work of the Browning club of Pasadena of which she was president, making us wish we might have joined with them in their study after which she read and commented upon "Cleon," one of Browning's characteristic poems.

We are hoping there will be a large attendance at the dance after the tennis tournament on Saturday, June 14. It should be an unusually pleasant affair as it is in charge of our Junior auxiliary.

Mrs. Lawless then took the chair and the club went into a short business session, during which Mrs. Fennell read the following suggested amendments to the club by-laws and announced that she would recommend their adoption at the next meeting.

Article V, Section 1. Amend by striking out "Make rules for their own government" so that the sentence will read, "shall fill such vacancies as may occur in their numbers."

Amend Article V by adding a section to be known as Section 2:

Section 2. The President shall appoint a Finance Committee, which

shall consist of the Recording Secretary, the Auditor, and one Director. The Finance Committee shall supervise the Club's purchases and financial transactions, and have charge of rentals, and insurance. The Finance Committee shall supervise the Treasurer's books, prepare the Club Budget and pass on all financial reports before they are presented to the Club. This committee shall assist the House Committee in making its annual inventory, and the Treasurer in making the official annual report, which shall include a complete inventory of the Club property.

Amend Article V by adding a section to be known as Section 3. The Treasurer shall present to the Board duplicate lists of all bills payable, the bills having been verified by a member of the Finance Committee or the Committee Chairman responsible for the obligations. Notations shall indicate to which account these bills shall be charged. One list shall be given to the Recording Secretary, who will enter in the minutes those bills ordered paid, and those upon which payment is deferred with the reason for the postponement. She will issue vouchers from this list, which, signed by her and the Chairman of the Board, will constitute orders on the Treasurer for payment. This list shall be read in every succeeding Board meeting until all the bills are paid or otherwise disposed of. The treasurer shall present a list of moneys due the club and of all moneys received since the last meeting.

All persons making purchases for the club shall cause their full name to be noted on the bill and make a report of the same to the Finance Committee.

The accounts of the Club shall be kept by a double entry system corresponding to that now provided by Mr. Dietz for the Firemen's Club and similar organizations. The auditor shall present the club books to a professional auditor for audit at the end of the club year. The Finance Committee shall list the contents of the Safety Deposit box at the beginning of the club year. This list shall be read in board meeting and entered on the minutes, with a list of the insurance policies.

To amend Section 2, Article XIV, relating to Elections, by adding: Candidates may be placed in nomination by petitions bearing the signatures of twenty members in good standing.

To amend Section 3, Article XIV, by adding the words, "And this board shall have the power to fill all vacancies in the ticket," after the words "State Convention."

To amend Article IX by adding Section 9 as follows: The Board of Directors shall have power to issue Life Memberships upon payment of one hundred dollars, such memberships to be limited to twenty. Life members shall not be required to pay dues.

Article VII, Section 4: To amend by striking out the words "executive board" and substituting the word "Treasurer."

An Appreciation

The following tribute to Mrs. Lawless, the club's retiring president, was presented to the executive board by Mrs. Stork and heartily approved by them:

Having read in the Sierra Madre News with surprise and regret, the resignation of Mrs. W. J. Lawless from the presidency of the Sierra Madre Woman's Club, and painfully realizing her most cogent reasons for so doing, we wish to express at this time, our appreciation of her unremitting work, and generous giving.

"IF I WAS GIVING ADVICE"

To a Bride--

which I am too sensible to do," said Aunt Julia, "I'd tell her that if she keeps her husband thinking he's the most wonderful thing that ever happened, he's not likely to go around hunting for dust in the corners."

"My sentiments on being happily married are—Spend less time on your house and more time on yourself and your husband."

You may not agree with Aunt Julia's diagnosis of men, but hundreds of women will tell you that our laundry does save many valuable hours from household routine.

Shall we save some time for you?

ing of time and attention to all details in the past; our admiration of her courage and efficiency in meeting and overcoming difficulties, necessarily occurring in constructive periods; our confidence in her loyalty to our club's ideals, and our reverence for her insight and intuitions which have led her to act for the best interests of the club, and to the pledging to it her hearty cooperation in its future.

Los Angeles may soon list a tin smelter among its industries, according to the trade extension bureau of the chamber of commerce which states that a firm in Hong Kong, China, is now seeking a market here for tin plate.

Hidden gold in California's great treasure chest to the north of here, totals approximately \$600,000,000, according to officials of the state mining bureau, who have just completed a gold placer survey in the district between Susanville and Mariposa.

NOTICE OF AWARD OF CONTRACT

Pursuant to Statutes and to the Resolution of Award of the Board of Trustees of the City of Sierra Madre, adopted May 22nd, 1924, directing this notice, notice is hereby given that said Board of Trustees in open session, on the 22nd day of May, 1924, publicly opened, examined and declared all sealed proposals or bids offered for the following work, to-wit:

That
MERRILL AVENUE
between the Northerly line of Highland Avenue and the Southerly line of Laurel Avenue including all terminations with terminating streets and alleys be improved by certain grading and by the construction of certain two (2) inch oiled macadam pavement, cement curbs and concrete gutters and that

LAUREL AVENUE
including its termination with Baldwin Avenue and all terminations with terminating streets and alleys between a line twelve (12) feet Westerly from and parallel with the Easterly line of said Baldwin Avenue and the Westerly line of Mountain Trail Avenue, be improved by certain grading and by the construction of certain two (2) inch oiled macadam pavement, cement curbs, cement sidewalks and concrete gutters, and all other work or improvement described in Resolution No. 170, being the Resolution of Intention for said work or improvement, in the manner and within the limits designated in said Resolution, and reference is hereby made to said Resolution for a further and more complete description of said work or improvement and the description of said work or improvement in said Resolution contained is hereby expressly adopted and made a part hereof, the same as though fully set forth herein.

That all of the work aforesaid shall be done in accordance with and to the grades shown on Special Improvement Plans, Cross-sections and Profiles No. 101, 102 and 103 on file in the office of the City Engineer of the City of Sierra Madre and in further accordance with Special Specifications for said work on file in the office of the City Clerk of said City, adopted by the Board of Trustees of the City of Sierra Madre by Resolution No. 168 of said City. Said Special Improvement Plans, Cross-sections and Profiles and Special Specifications are hereby referred to for full and detailed description of said proposed work or improvement, and for the description of the grade to which the work is to be done and are made a part hereof.

That the said work or improvement, in the opinion of said Board of Trustees of said City, is of more than local or ordinary public benefit, and said Board of Trustees declares that the district to be benefited by said work or improvement, and to be assessed to pay the costs and expenses thereof, is described in said Resolution of Intention No. 170 to which said Resolution reference is hereby made for a description of said district.

That said Board of Trustees also determines and declares that serial bonds bearing interest at the rate of seven per cent (7%) per annum shall be issued to represent each assessment of twenty-five dollars (\$25.00) or more remaining unpaid for twenty (20) days after the date of the warrant. Said serial bonds shall extend over a period ending nine (9) years from the second day of January next succeeding the fifteenth day of the next November following their date. Payments on the principal of unpaid assessments and interest shall be made by property owners to the City Treasurer and the same shall be disbursed by him, all as provided in the "Improvement Act of 1911," hereinafter referred to. That the proceedings for the aforesaid improvement shall be had and taken under and in accordance with an Act of the Legislature of the State of California designated and known as the "Improvement Act of 1911," approved April 7, 1911, and under all Acts supplementary thereto or amendatory thereof.

And thereafter, to-wit: On the 29th day of May, 1924, said Board of Trustees awarded the contract for said work to the lowest, regular, responsible bidder, to-wit:

To H. H. Steinberger, at the prices named for said work in his proposal, on file, to-wit:

11 1/2 cents per square foot for oiled macadam paving and grading.
55 cents per lineal foot for cement curb.
18 1/2 cents per square foot for cement sidewalk.

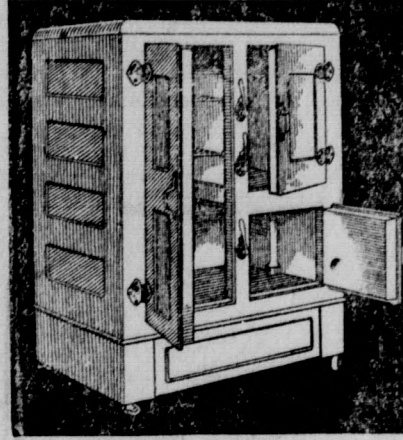

24 cents per square foot for concrete gutter.

Sierra Madre, California, June 4th, 1924.

L. DIETZ,
City Clerk and Ex-Officio Clerk of the Board of Trustees of the City of Sierra Madre.

New Substitute For Platinum

Platinum is a most valuable metal not only to the jeweler but to the chemist, because it is so resistant. Efforts are being made all the time to find a substitute.

Among the latest of these are alloys of chromium, and the pure metallic chromium electro-plated on iron.

The alloys may be used in place of platinum for negative poles in electro-analytic work, while the chromium-plated electrodes are even more resistant.

These discoveries tend to diminish the great demand for platinum by chemists, chromium being not only cheaper, but very much harder than platinum and therefore not so likely to be hurt by mechanical treatment.

NEWS WANTADS PAY

ORDINANCE NO. 282

INTENTION OF THE BOARD OF TRUSTEES OF THE CITY OF SIERRA MADRE, CALIFORNIA, TO CALL AN ELECTION IN THAT PART OF THE CITY OF SIERRA MADRE CONTAINED WITHIN THE BOUNDARIES OF A PROPOSED MUNICIPAL IMPROVEMENT DISTRICT TO BE KNOWN AS "MUNICIPAL IMPROVEMENT DISTRICT NO. 1 OF THE CITY OF SIERRA MADRE," FOR THE PURPOSE OF SUBMITTING TO THE QUALIFIED ELECTORS IN SAID DISTRICT THE PROPOSITION OF AUTHORIZING THE ISSUANCE AND SALE OF BONDS OF SUCH DISTRICT.

The Board of Trustees of the City of Sierra Madre do ordain as follows:

Section 1. Whereas, a petition was filed in the office of the City Clerk of the City of Sierra Madre, on the 22nd day of May, 1924, requesting that proceedings be taken in pursuance of an Act of the Legislature of the State of California, entitled, "An Act to provide for the formation of districts within municipalities for the acquisition or construction of public improvements, works, and public utilities; for the issuance, sale and payment of bonds of such districts to meet the cost of such improvements; and for the acquisition or construction of such improvements," approved April 20, 1915, as amended by an Act of said Legislature, approved May 16, 1919 for the purpose of creating an indebtedness to be represented by bonds of said district, to pay the costs and expenses of the construction of public improvement work consisting of street work upon public streets, public alleys, and public rights-of-way in said district; and

Whereas, it appears and is hereby found that said petition is signed by not less than ten per cent of the qualified electors residing in the territory which is proposed to be formed into said municipal improvement district; and

Whereas, the public interest and necessity require that proceedings be taken as requested in said petition;

Section 2. Now, therefore, it is hereby determined and declared that it is the intention of the Board of Trustees of the City of Sierra Madre to call an election in that certain proposed municipal improvement district having boundaries as hereinafter described, or as may be changed in the manner provided in the said Act, for the purpose of submitting to the qualified electors of said district the proposition of authorizing the issuance and sale of bonds of such district in the manner prescribed in said Act, approved April 20, 1915, for the purpose of creating an indebtedness to be represented by bonds of said district to pay the costs and expenses of the construction of public improvement work consisting of street work upon public streets, public alleys and public rights-of-way in said district.

Section 3. That the exterior boundaries of the proposed municipal improvement district to be known as "Municipal Improvement District No. 1 of the City of Sierra Madre," are bounded and described as follows, to-wit:

Beginning at a point on the Easterly line of Lot 1, of Sheet No. 1, Tract No. 2456, as per map recorded in Map Book 24, Page 36, Records of Los Angeles County, California; said point being the Northeast corner of Lot A, of Tract No. 3761 as per map recorded in Map Book 41, Page 40, Records of Los Angeles County, California, thence Westerly along the Northerly line of said Lot A to the Westerly line of said Lot 1 of said Tract No. 2456; thence North 3 degrees 25 minutes West 98.8 feet, more or less, along the Westerly line of Lot 1 of said Tract No. 2456 to an angle point in said Westerly line; thence North 62 degrees 36 1/2 minutes West 34.91 feet to the most Westerly corner of Lot No. 1 of said Sheet No. 1, Tract No. 2456; thence North 15 degrees 16 minutes East 274.74 feet along said westerly line of said Tract No. 2456 to the most westerly corner of Lot No. 40 of said Sheet No. 1, Tract No. 2456; thence North 39 degrees 21 minutes East 92.35 feet along said Westerly line of said Tract No. 2456 to an angle point in said westerly line; thence North 23 degrees 21 minutes East 137.30 feet to the most northerly corner of Lot No. 48 of said Sheet No. 1, Tract No. 2456; thence North 38 degrees 36 minutes East 211.39 feet along said westerly line of said Tract No. 2456 to an angle point in said westerly line; thence South 87 degrees 20 minutes West 18 feet to the most westerly corner of Lot No. 70 of said Sheet No. 1, Tract No. 2456; thence North 46 degrees 28 minutes East 150 feet along said westerly line of said Tract No. 2456 to an angle point in said westerly line; thence North 27 degrees 42 minutes East 128.00 feet along said westerly line of said Tract No. 2456 to the Northwest corner of Lot No. 110 of Sheet No. 2 of Tract No. 2456 as per map recorded in Map Book 24, Page 37, Records of Los Angeles County, California; thence North 2 degrees 50 minutes West 90.34 feet along said westerly line of said Tract No. 2456 to the Southwest corner of Lot 116 of said Sheet No. 2, Tract No. 2456; thence North 20 degrees 12 minutes West 205.00 feet along said westerly line of said Tract No. 2456 to an angle point in said westerly line, thence North 3 degrees 36 minutes West 467.90 feet along said westerly line of said Tract No. 2456 to an angle point in said westerly line; thence North 5 degrees 18 minutes 30 seconds East 433.35 feet along said westerly line of said Tract No. 2456 to the Northwest corner of said Tract No. 2456; thence South 89 degrees 38 minutes East 399.51 feet to the Northeast corner of Lot No. 264 of said Sheet No. 2, Tract No. 2456; thence South-east in a direct line across Tract No. 913 as per map recorded in Map Book 16, Pages 106 and 107, Records of Los Angeles County, California, to the Northeast corner of Lot No. 442 of Sheet No. 4 of Tract No.

ASK AND RECEIVE

"What were you and Mr. Smith talking about in the parlor?" demanded Miss Blushes' mother.

"Oh, we were discussing our kith and kin."

"Yeth you wath," interposed her little sister. "Mr. Thmith asked you for a kith, and you said 'you kin'."—American Mutual Magazine.

2456 as per map recorded in Map Book 40, Page 76, Records of Los Angeles County, California; thence South 22 degrees 41 minutes 20 seconds East 258.18 feet along the Easterly line of said Lot No. 442 to an angle point in said Easterly line; thence South 16 degrees 25 minutes 30 seconds East 199.53 feet to the Southeast corner of Lot No. 462 of said Sheet No. 4, Tract No. 2456; thence Southeast in a direct line across said Tract No. 913 to the Northeast corner of Lot No. 409 of Sheet No. 3 of Tract No. 2456 as per map recorded in Map Book 31, Page 55, Records of Los Angeles County, California; thence South 5 degrees 33 minutes East 353.35 feet along the Easterly line of said Tract No. 2456, to the Northeast corner of Lot No. 421 of said Sheet No. 3, Tract No. 2456; thence South 2 degrees 01 minutes 40 seconds West 184.22 feet along the Easterly line of said Lot No. 421 to the North-west corner of Lot No. 12, of the Camillo Guercio Tract as per map recorded in Map Book 11, Page 120, Records of Los Angeles County, California; thence South 00 degrees 02 minutes East 435.33 feet along said Easterly line of said Lot No. 421 of said Sheet No. 3, Tract No. 2456, to the Southeast corner of Tract No. 913 as per map recorded in Map Book 16, Pages 106 and 107, Records of Los Angeles County, California; thence South 44 degrees 12 minutes West 221.06 feet to an angle point in the Southerly line of said Tract No. 2456; thence South 79 degrees 09 minutes West 269.83 feet to the Southwest corner of Lot No. 328 of said Sheet No. 3, Tract No. 2456; thence South 0 degrees 03 minutes East 224.73 feet to the Southeast corner of Lot No. 327 of said Sheet No. 3, Tract No. 2456; thence South 87 degrees 03 minutes West 211.26 feet to an angle point in the Southerly line of Lot No. 322 of said Sheet No. 3, Tract No. 2456, said angle point being 11.01 feet Westerly from the Southeast corner of said Lot No. 322; thence North 58 degrees 57 minutes West 249.64 feet to the Southeast corner of Lot No. 9 of said Sheet No. 1, of said Tract No. 2456; thence South 69 degrees 29 minutes West 383.83 feet along the Southerly line of said Tract No. 2456 to the Southwest corner of Lot No. 2, of said Sheet No. 1, Tract No. 2456; thence South 64 degrees 08 minutes West 154.00 feet along said Southerly line of said Tract No. 2456 to an angle point in said Southerly line; thence Southwest in a direct line to the point of beginning.

That the proposed improvements in said district is the construction of public improvement work consisting of street work upon public streets, public alleys and public rights-of-way in said district.

That the estimated cost of such proposed improvements is Seventy Thousand (\$70,000.00) Dollars.

That the election will be called in said district to be held on the 26th day of August, 1924, for the purpose of submitting to the qualified voters thereof the proposition of incurring an indebtedness by the issuance of bonds of such district to pay the costs and expenses of said proposed improvements.

That a map showing the exterior boundaries of the said district with relation to the territory immediately contiguous thereto, and a general description of the proposed improvements are on file in the office of the City Clerk of the City of Sierra Madre.

That the 10th day of July, 1924, at 7:30 o'clock, P. M. in the Room of the Board of Trustees of the City of Sierra Madre in the City Hall of said City, located in Room F, Kersting Court in said City, is hereby fixed as the date, hour and place for the hearing of protests, which shall be in writing and filed with the Clerk of said Board, at or before the said time of hearing as provided for by said Act, approved April 20, 1915.

Section 4. The City Clerk shall certify to the passage and adoption of this ordinance and its approval by the President of said Board and shall cause said ordinance to be published once a week for two weeks in the Sierra Madre News, a weekly newspaper of general circulation, published less than six days a week in said City of Sierra Madre, and thereupon and thereafter it shall take effect and be in full force.

Adopted and approved this 12th day of June, 1924.

J. D. SPARKS,
President of the Board of Trustees
of the City of Sierra Madre.

(Seal)

Attest:

L. DIETZ,
City Clerk of the City
of Sierra Madre.State of California,
County of Los Angeles,—ss.

City of Sierra Madre.

I, L. Dietz, City Clerk of the City of Sierra Madre, do hereby certify that the foregoing Ordinance was passed and adopted by the Board of Trustees of the City of Sierra Madre, and approved by the President of said Board, at a regular meeting thereof, held on the 12th day of June, 1924, and that the same was passed by the following vote, to-wit:

Ayes: Trustees Bacon, Karicofe, Porter, Topping and Sparks.

Noes: None.

Absent: None.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of the City of Sierra Madre, California, this 12th day of June, 1924.

L. DIETZ,
City Clerk of the City of
Sierra Madre.

Masters That Hold Men in Slavery

John E. King is not a preacher. He is the ditor of the Hemet News, one of California's best. But John E. King expounds truths like unto ministers of the gospel. Hear him in the following, for verily, he shoots where many of us are sitting:

"The glorious American Declaration of Independence has made the word 'independence' nobly significant. Many people, in the spirit of that immortal document, have sought freedom since and won it.

"Yet after all the declaration of independence that most people need to declare and make effective is independence of enemies that are within them. He who is truly free in the kingdom of his spirit is proof against every wind of adversity that may blow from without.

"There are tyrannies of monarchy, they are passing from the stage.

"There are tyrannies of class rule, though they too will have their day and pass.

"There are tyrannies and slaveries of circumstances and custom, yet every day men and women, no less burdened than the rest, declare their freedom and make it good.

"The world is full of people who are as truly slaves as any black man who ever wore chains, but their masters are within them and it is within them that the battle for freedom must be waged. And they must wage it themselves, for no other, though others may help by example and counsel, can fight it for them.

"These are some of the masters that hold men and women in slavery and from which they must declare their independence and make it good if they would be free:

"Ignorance.

"Prejudice.

"Hate.

"Resentment.

"Doubt.

"Discouragement.

"Bigotry.

"Materialism.

"Selfishness.

"And, above all, fear.

"There is not one of these masters that cannot be overcome. And they are to be overcome not so much by fighting them directly as by turning to their opposites and enthroning them.

"For ignorance substitute enlightenment.

"For prejudice, substitute fairness.

"In place of hate, set up love.

"Replace resentment with charity.

"Introduce faith to take the place of doubt.

"The remedy for discouragement is the courage that comes from the thought that as others have won their way out of the circumstances that tend to discouragement, so can we.

"For bigotry substitute largeness of soul and breadth of vision.

"To unseat materialism with its hopeless quest of peace and happiness where they do not abide, seek the things of the spirit, which endure through all eternity.

"For selfishness, learn to think of the happiness of others.

"And for fear, let faith lead you to the place where you will learn that God is over all, that His law is love and peace, and that you can commit your ways to Him in perfect confidence that they will be rightly directed."

WAITING

Visitor to Hospital Attendant: "Is Mr. Murphy in?"

Hospital Attendant to visitor: "Yes he is convalescing now."

Visitor to Hospital Attendant: "Very well, I'll wait."—Brazilian American.

The total number of visitors to Yosemite National Park up to May 30, this year, reaches 2683 as compared with 569 for a similar period a year ago, according to park officials.

PAPER SOURCE IS DISCOVERED BY SCIENTISTS

(By Charles H. Shinn)

In these days of radio, one doubts if a man could be found who fails to realize the priceless value of scientific technical investigation. The other day, the U. S. Forest Products laboratory, at Madison, Wisconsin, announced that the wood of the Ailanthus tree, when pulped by the soda process, gives a high yield of pulp which bleaches easily and is of an excellent quality for every use to which paper pulp can be put.

This discovery is of of especial importance to California, as we shall presently show.

Turning to the first volume of Prof. Bailey's Cyclopaedia of Horticulture, we find that this tree, Ailanthus glandulosa, a native of China, is a rapid grower and as hardy as the common acacias and eucalyptus. Bailey mentions several other species more ornamental than this one and therefore better for street trees, but we recommend none of them for use in California towns, because of the very characteristic that helps their value as paper material—their tendency to sucker sprout.

Long Life

The first ailanthus tree grown in California was started from seed which Colonel Warren of the California Farmer obtained from China in 1854 or 1855. The tree was planted near a cabin in Mariposa county. In 1906, when seen by the writer, it was 70 feet high, had a trunk diameter of three feet and was surrounded by some hundreds of young trees, suckers and self-grown seedlings.

The second tree studied by me grew on an old farm on the Alameda creek, and had been planted about 1860. When cut, the trunk was about 18 inches through. The heart wood was beautiful in color and grain, capable of high polish. It made excellent firewood—the only use its owner knew of for his "Tree of Heaven." I understand he has been trying vainly ever since to get rid of the suckers that keep coming up near the site of the old tree.

On Waste Land

Now here is an exotic tree hitherto neglected, and of great paper-making value. It takes possession of waste land without any great expense. Suppose that our farmers made it their "wood-lore tree"; suppose they went much farther, and were at last able to invite paper-making companies to start mills out here under guarantee that the supply would be forthcoming. It is not in the least a Utopian dream that thus, if we choose, we could permanently establish half a dozen new centers of industry, all the way from the upper Sacramento to Mexico, and in the coast range valleys. Not this year, nor probably for twenty years, for we must first grow the trees. But it is a subject for careful and far-sighted discussion by our state-builders, and for exhaustive study of the many problems involved. As a sidelight on the time proposition, our Madison laboratory sheet says: "The growth of the Ailanthus tree is rapid. In New Zealand the Ailanthus is said to produce 25 tons of wood to the acre every three years." California could not, possibly reach any such standard, for New Zealand climate is moist and warm, most suitable for rapid tree growth; moreover, we would not want to use our best land for this sort of thing. But it is in any case a rapid growing tree, producing good paper pulp, and if land owners in various parts of the state would put out a few of these trees on poor land, in waste corners even along irrigation ditches, we should soon have some data to work on.

COMMENCEMENT AT POMONA TO BE NOTEWORTHY

Pomona College approaches the greatest Commencement in its history, with greatly increased resources both in land and in endowment. It also comes to the Commencement season with a larger vision of its possibilities than ever before. The Commencement season will open on Thursday, June 12th, at 8:00 p. m. in Bridges Hall. The Seniors who have appeared in full program during the year will give a recital in music. Due to other appearances late this spring not all the musicians will be on the program.

Friday, June 13th

Friday has been set apart as the annual Class Day and will open with the Class Breakfast on the Knoll at 8:00 a. m. The Class Farewell will follow at 10:00 in Bridges Hall. At 4:00 p. m. the Art Department will receive in Rembrandt Hall in honor of the Seniors in Art. This will be open to friends who desire to visit the exhibition. The reunion of the Glee Club, which was inaugurated two years ago, has proven one of the most successful events of the Commencement period, and they will meet again for practice at 5:00. Following the dinner at the Inn there will be a half hour of music. At 8:15 p. m. the Senior Class will present their play in the Greek Theater. They have chosen this year the comedy of Louis Parker entitled "Pomander Walk." This will be preceded by a half hour of music by the Glee Club reunion chorus.

Saturday, June 14th

The Saturday of Commencement week is devoted to the College Alumni. The program by the Alumni will be presented in Holmes Auditorium at 10:00 a. m. The Reunion of the Classes will depart this year from the usual custom of a luncheon at the Inn, and will be in the nature of a Celebration and Picnic held at noon on the historic Indian Hill golf grounds which have recently come into the possession of the College through the generosity of Miss Ellen Scripps of La Jolla. The Alumni Day musical program at 2 o'clock in Bridges Hall will be given entirely by the college students. The annual Alumni meeting will be held in Bridges Hall at 3:00 p. m., the Girls' Glee Club reunion in Harwood Court at 4:30 and the usual Alumni banquet in the Gymnasium at 6 o'clock. From 9:00 to 11:00 p. m. the F. P. Brackett Observatory will be open to Alumni and friends of the College.

Sunday, June 15th

A new feature introduced last year at Commencement was a College and Community service at 11:00 a. m. in the Congregational Church which proved so attractive that it will be continued this year. The sermon will be delivered by Rev. Leslie E. Learned, D. D., Rector of the All Saints Church, Pasadena. The Baccalaureate service will be held in the Open-air Theater at 6:30 p. m. The Academic Procession will form at Bridges Hall at 6 o'clock. This will include the graduating class. The Baccalaureate sermon will be delivered by President James Arnold Blaisdell.

Monday, June 16th

Beginning with a recital in Bridges Hall at 10:30 a. m. Commencement Day will follow the usual program. The recital will be given by all the members of the Music Faculty. The Senior Class luncheon will be held at 12 o'clock. At 4:00 p. m. President and Mrs. Blaisdell will receive in the Patio of Bridges Hall. At 6 o'clock the Academic Procession will form at Bridges Hall and march to the Open-air Theater for the Graduation Exercises. Faculty and Trustees, as well as Seniors who will be awarded degrees will march. Music will be furnished by the Music Department. The speakers representing the Graduating Class will be Kenneth William Emerson of East Andover, New Hampshire, Kathryn Elizabeth Avery of Fresno and James Marshall Carter of Hawthorne. There are 173 probable candidates for the B. A. degree and ten graduate student candidates for the M. A. degree.

Pomona has never believed in the granting of a large number of honorary degrees, but has followed the practice of conferring them only upon outstanding men who would honor the degree rather than be honored by it. Two years ago, following this custom, the degree of LL. D. was conferred upon the distinguished Chinese educator, Dr. Fong Foo Seo, formerly a student at Pomona College. This year Pomona College will honor itself by conferring the degree of LL. D. upon Dr. Panjo Ebina, President of the Doshisha University, Kyoto, Japan. This University ranks with the great Imperial University which was destroyed by the earthquake.

RESOLUTION OF INTENTION NO. 191

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF SIERRA MADRE DECLARING ITS INTENTION TO IMPROVE A PORTION OF LAUREL AVENUE IN THE CITY OF SIERRA MADRE AND DECLARING SAID WORK OR IMPROVEMENT TO BE OF MORE THAN LOCAL OR ORDINARY PUBLIC BENEFIT AND DESCRIBING THE DISTRICT TO BE BENEFITED BY SAID WORK OR IMPROVEMENT AND TO BE ASSESSED TO PAY THE COSTS AND EXPENSES THEREOF AND DETERMINING THAT SERIAL BONDS SHALL BE ISSUED TO REPRESENT SAID COSTS AND EXPENSES AND FIXING A TIME AND PLACE FOR HEARING OBJECTIONS TO SAID WORK OR IMPROVEMENT OR TO THE EXTENT OF THE DISTRICT TO BE ASSESSED OR BOTH.

The Board of Trustees of the City of Sierra Madre do resolve as follows:

SECTION 1: That the public interest and convenience require and that it is the intention of the Board of Trustees of the City of Sierra Madre to order the following street work and improvement to be done, to-wit:

LAUREL AVENUE

between the Western line of Baldwin Avenue and the Eastern line of Auburn Avenue including all terminations with terminating streets and alleys be improved by certain grading, and by the construction of certain two (2) inch oiled macadam pavement, cement curbs, cement sidewalks and concrete gutters.

SECTION 2: That all of the work aforesaid shall be done in accordance with and to the grades shown on Special Improvement Plans, Cross-sections and Profiles No. 109 on file in the office of the City Engineer of the City of Sierra Madre and in further accordance with Special Specifications for said work on file in the office of the City Clerk of said City, adopted by the Board of Trustees of the City of Sierra Madre by Resolution No. 190 of said City. Said Special Improvement Plans, Cross-sections and Profiles and Special Specifications are hereby referred to for full and detailed description of said proposed work or improvement, and for the description of the grade to which the work is to be done and are made a part hereof.

SECTION 3: That said contemplated work or improvement in the opinion of the Board of Trustees of said City of Sierra Madre is of more than local or ordinary public benefit, and said Board of Trustees hereby makes the expense of said work or improvement chargeable upon a district, which district said Board of Trustees hereby declares to be the district benefited by said work or improvement and to be assessed to pay the costs and expenses thereof; which said district is bounded and described as follows:

All that portion of said City of Sierra Madre included within the following described exterior boundary line, to-wit:

Beginning at the Northeast corner of Lot 3 of the Deutsch Subdivision as per map recorded in Book 21, Page 31, Miscellaneous Records of Los Angeles County, California; thence Westerly along the northerly line of said Lot 3 to the Northwest corner of said Lot 3; thence Westerly in a direct line to the Northeast corner of Lot 8 of the said Deutsch Subdivision; thence Westerly along the Northerly line of said Lot 8 to the Northeast corner of Lot 14 of the Norris Tract, as per map recorded in Book 17, Page 61, Miscellaneous Records of Los Angeles County, California; thence Westerly in a direct line to the Northwest corner of Lot 8 of the said Norris Tract, said corner also being the Northeast corner of Lot 2 of the Aspinall Tract, as per map recorded in Map Book 5, page 152, Records of Los Angeles County, California; thence Westerly along the North line of said Lot 2 to the Northwest corner thereof; thence Southerly along the Easterly line of Auburn Avenue to a point in the said Easterly line distant thereon three hundred fifty (350) feet from said Northwest corner of said Lot 2 or said Aspinall Tract; thence Easterly in a direct line to the Southwest corner of Lot 15 of the aforesaid Norris Tract; thence Easterly in a direct line one hundred fifty (150) feet Southerly from and parallel with the Southerly line of Laurel Avenue to a point in the Westerly line of Baldwin Avenue; thence Northerly along the said Westerly line of Baldwin Avenue to the point of beginning, excepting from said district any portion of any public street or alley which may be included therein.

The above description is general only. A map of said district indicating by a boundary line the extent

START FIRE AND GET JAIL TERM

Every person who starts a brush fire this summer without first obtaining a permit will be jailed. This warning has been issued by County Fire Warden Stuart J. Flintham.

An emergency prosecuting and investigating department has been organized to ensure proper enforcement of the existing laws because of the fire hazard, which is usually great during the summer months. It is claimed that unless stringent precautions are taken, the fire season this year will be the most disastrous in the county's history.

HIS DUTIES

The owner of a big plant, addressing a new employee:

"Did my foreman tell you what you will have to do?"

"Yes, sir, he told me to wake him up when I see you coming."

of the territory included in the proposed district, numbered 110 adopted by the Board of Trustees by Resolution No. 190 on Thursday, the 29th day of May, 1924, is on file in the office of the City Engineer of said City. Reference is hereby made to said map for a further, full and complete description of said assessment district. The said map on file shall govern for all details as to the extent of the said assessment district.

SECTION 4: That said Board of Trustees also determines and declares that serial bonds bearing interest at the rate of seven (7) per cent per annum shall be issued to represent each assessment of Twenty-five (25) Dollars or more remaining unpaid for twenty days after the date of the warrant. Said serial bonds shall extend over a period ending nine (9) years from the second day of January next succeeding the fifteenth (15) day of the next November following their date. Payments on the principal of unpaid assessments and interest shall be made by property owners to the City Treasurer and the same shall be disbursed by him, all as provided in the said "Improvement Act of 1911."

SECTION 5: Notice is hereby given that on Thursday the 26th day of June, 1924, at the hour of 7:30 o'clock P. M. of said day, in the Council Chambers of the Board of Trustees of said City of Sierra Madre in the City Hall of said City, located in Room F, Kersting Court in said City, any and all persons having any objections to said proposed work or improvement or to the extent of the District to be assessed, or both, may appear before said Board of Trustees, and show cause why said proposed improvement should not be carried out in accordance with this resolution.

SECTION 6: All the proceedings for the aforesaid improvement and for the issuance of bonds shall be had and taken under and in accordance with an Act of the Legislature of the State of California, known and designated as the "Improvement Act of 1911," approved April 7, 1911, and under all Acts supplementary thereto or amendatory thereof.

SECTION 7: The Superintendent of Streets shall immediately post or cause to be posted conspicuously along the line of said contemplated work or improvement and along all of the open streets within the district liable to be assessed, notices of the passage of this Resolution in the manner and in the form required by law.

SECTION 8: The City Clerk shall certify to the passage of this Resolution and shall cause the same to be published twice in the Sierra Madre News, a weekly newspaper published and circulated in said City of Sierra Madre and hereby designated for that purpose.

Adopted and approved this 29th day of May, 1924.

J. D. SPARKS,
President of the Board of Trustees
of the City of Sierra Madre.

(Seal)
L. DIETZ,
City Clerk of the City of
Sierra Madre.

STATE OF CALIFORNIA
CITY OF SIERRA MADRE—ss.

I, L. Dietz, City Clerk of the City of Sierra Madre, do hereby certify that the foregoing Resolution of intention was duly adopted by the Board of Trustees of the City of Sierra Madre, State of California, and signed by the President of said Board, at a regular meeting thereof, held on the 29th day of May, 1924, by the following vote, to-wit:

AYES: Trustees, Karicof, Porter, Topping and Sparks.

NOES: None.

ABSENT: Trustee Bacon.

(Seal) City Clerk of the City of
L. DIETZ,
Sierra Madre.

P. T. A. TO HOLD LAST SESSION OF THE YEAR

The Parent-Teacher association will hold their next meeting on Monday, June 16, at 3 o'clock in the kindergarten building. An unusually interesting program has been planned. Mayor Sparks is to be the speaker of the afternoon.

There will be a violin solo by Miss Maragaret Butsch, accompanied by her mother, Mrs. Martha Butsch, at the piano. Miss Hazel Udell will render a piano solo.

Installation of the new officers will take place. Refreshments are to be served by the retiring officers. The public is cordially invited to attend.

MEN PROVIDE O. E. S. PROGRAM

The men of the Eastern Star chapter will provide the entertainment to follow the chapter meeting next Monday night. A full attendance is desired. Members will be taken in autos leaving the club house about 8:30. Outdoor entertainment will be provided, with refreshments and dancing. Members of the chapter are privileged to bring husbands or friends for this feature of the evening.

Garden Party

The annual garden party of the chapter will be held Friday evening, June 27, on the beautiful grounds of Judge and Mrs. Warren Williams, 49 W. Live Oak. Those who attended the party last year will remember the splendid entertainment provided. The public will be privileged to attend. The proceeds will be added to the Masonic Temple entertainment fund.

TEA ROOM IN CANYON SUCCESS

The Canyon Tea Room was opened recently by Mrs. Walter I. Garrett. It is located across from the pool in Sierra Madre Canyon. Mrs. Garrett says that she is very pleased with the splendid support that the tea room has been given.

The meals, of course, are strictly home made, which is sufficient recommendation. Particular attention is paid to making the breakfasts and lunches appetizing to the most fastidious. From 5 to 7:30 p. m. a 75-cent supper is served, which is unusually popular. Mrs. Garrett is making a specialty of Sunday dinners. Reservations may be made by phoning Green 127.

Mrs. Garrett is a very capable restaurant manager. Until lately she has been accompanying Mrs. Carrie A. Wilson on her domestic science lecture tours through the east.

ELKIN PLANS FOR SERVICE OF MOTORIST

Construction work on the new service station of B. R. Elkin on North Baldwin avenue is well under way and Mr. Elkin hopes to have a grand opening within a week. The building is of hollow clay tile and will have stucco exterior finish. Concrete approaches have been constructed across the deep gutter, providing for easy approach to the circular driveway. Mr. Elkin promises to operate a service station and accessory depot which will be a distinct advance for this part of the county and urges all motorists to watch for announcement of his opening date.

Don't forget the card party at Miss Graham's Saturday afternoon and evening. Come early and enjoy the garden in all its summer splendor.

Gold placers of California have produced over a billion dollars since their discovery in 1848, according to a report of the state mining bureau.

SPACING

When he first came to see her, He showed a timid heart,
And when the lights were low,
They sat this far apart.
But when his love grew warmer
And learned the joy of a kiss,
They knocked out all the spaces
And sat up close together. —Exchange.

Must Watch Their Talk.

French telephone subscribers who become angry with the operators may be suspended for two days from use of the service, according to a decree issued by the ministry of posts and telegraphs.

Origin of Coat Pockets.

Side pockets on coats were the outcome of the slash originally made to permit the projection of the sword handle.

Macaws' Strong Bills.

Macaws, a kind of parrot, native to South America, can break with their beaks nuts which resist attacks with a hammer.

MINOR ERROR PUTS BLOT ON TITLE TO LOT

Tiny errors in describing property which is being transferred sometimes have serious and far-reaching results. Delay and expense in connection with subsequent transfers or a cloud on the title which prevents the securing of a loan are the most common effects.

Such a case comes to light in connection with the recent purchase by the Masonic Lodge of a lot on East Central avenue, upon which to erect a new temple. The lot is 135x192 feet. At one time it was divided in two halves and these were subsequently resold. On the occasion of the transfer of the east half a number of years ago there was an error of description, leaving a wedge shaped piece 4 inches wide at the rear of the lot and running to a point at the front. When the lodge bought the entire lot from the most recent owners this wedge four inches wide at one end and 192 feet long lying between the two halves, was unaccounted for.

Now there is a delay in perfecting the title. The previous owners who last held title under the correct description must be found and a quit claim deed secured. Or it will be necessary to bring suit to quiet title on that strip.

Failing to secure clear title to the little wedge of land might result in serious embarrassment. The lodge would have no legal right to build over it, though owning the land on both sides.

Another angle comes in connection with the sidewalk of the lot. This is one of the last links needed to complete the East Central avenue sidewalk system. The lodge has paid for the lot and has the money ready to build the sidewalk. Until title is delivered on the lot, however, it is not felt wise to lay the sidewalk because the deal might yet be blocked and the sidewalk would have been laid for someone else.

Many other instances have occurred in Sierra Madre where serious difficulties and expense resulted from errors in conveyances. The lesson ought to be plain to sellers and buyers to secure the services of competent, experienced people to draw their papers and not rely on their own ability by copying old descriptions without further examination.

Laura C. Collins is now the legal owner of that tiny wedge of land. It was on the occasion of her transfer to a subsequent owner that the error occurred. She is unknown to old residents of Sierra Madre but is supposed to be connected in some way with the Clement family as she was the owner of record during the period when the property was regarded as belonging to Mr. Clement and his son. If anyone can throw any light on her identity or whereabouts it would be greatly appreciated.

LAUNDRY FOR AUTOS USES LIVE STEAM

Forrest Owens, with characteristic energy, has installed a steam laundry for autos at the rear of the Central Garage. He is prepared to give any auto, no matter how disgracefully dirty, a thorough cleaning and polishing.

When the recent epidemic put his dairy plant on the foothill boulevard out of commission he had a steam boiler on his hands with no place to use it until he resumes operation of his own dairy. He has installed this boiler at the garage and connected it with a steel tank in which a special soap solution is mixed. By means of pipe and hose connections this is used on every part of the auto under 40-pound steam pressure. This cuts greasy dirt on all parts of the machine, even where it would be inaccessible to a scrubbing brush. Motor, gear case, and all parts of the chassis are cleaned equally well. The car is then in condition for a fine polishing job. Auto owners who contemplate painting their cars will find this the best possible preparation for the process.

Manager Frank Lovell of the Central Garage commends the steam cleaning process highly. It is not only much pleasanter to work on cars which are kept clean, but the greasy dirt which works into all moving parts causes dangerous wear.

BETHANY CHURCH

Sunday, June 15, Dr. Elwood P. Lyon will preach at Bethany church upon the following subjects.

11:00 a. m., "The Crisis of the Ages."

7:30 p. m., "The Foundation of Our Salvation."

Sunday, June 22, Dr. Lyon will preach the annual St. John's Day sermon to the Masonic Lodge of Sierra Madre, who are planning to attend in a body.
